

Disability Event

On Thursday 16th January 2020, Squash Wales delivered Squash at the Disability Rackets sports event in Collaboration with Sport Cardiff/Cardiff Games.

46 children participated in the day, from 4 different schools, including Whitchurch, Cathays, Bishop of Llandaff and Woodlands high schools (& Marion Centre).

In groups, children rotated around the 4 different racket sports, with competitions in each sport to score points for their schools.

At the end of the event, pupils were presented with medals for Bronze, Silver and Gold for each of the sports, along with some special awards for those children who showed perseverance, teamwork and kindness.
