POSTPONEMENT of U19 Team & U19 Individual Championships : 4th to 12th April 2020 The Netherlands

Dear U19 Team Managers

This evening, the Dutch authorities delivered a press release announcing that all sporting events with over 100 people are to be cancelled, resulting in the U19 Team and Individual Championships being postponed until further notice.

It is with heartfelt regret that the European Squash Federation, Squash Bond Netherlands and host postpone this event as a result of the exponential challenges faced by the COVID-19 Coronavirus outbreak.

The purpose of this communication is to cascade this information swiftly, so players and parents can be duly informed of this announcement. Further details regarding finances and other arrangements will be available in due course.

The ESF Board are actively liaising with Championship and circuit event hosts on a daily basis, and further information will be shared to Members as appropriate.

Please keep Thomas Troedsson updated of situations in your countries due to the steady and rapid rate of developments which we are all facing. Thomas is the point of communication for all MNFs with regards to this matter.

With kind regards

Thomas Troedsson
Vice President Chair of the Championship Committee
European Squash Federation
